Georgetown Suffering From Im- pure Water.

Our neighboring city of Georgetown is now suffering from several epidemics, typhoid fever being the most dreaded. We are informed that there are now 150 cases of typhoid fever in Georgetown, also several cases of small-pox and diphtheria. The cause being given as impure water in the big spring, which is Georgetown's water supply. All of the schools in that city are closed and every step is being taken to stop the spread of the epidemics.

Bourbon Circuit Court.

The trial of the case of Nancy N. Shropshire vs. George R. Burberry has consumed the time in the Bourbon Circuit Court since Friday morning. The suit was for \$10,000 damages against the defendant for assault upon the plaintiff. Arguments were heard in the case yesterday morning by Judge Denis Dundon, for the plaintiff, and by Attorney Maury Kemper, of Lexington, in the afternoon for plaintiff. The jury retired and after being out for something over an hour brought in a verdict for \$2,400 damages for the plaintiff, Mrs. Shropshire.

The suit of little Miss Margaret Ferguson vs. Blue Grass Traction Company in which, it was alleged, the plaintiff was severely scalded by the bursting of a hot water pipe, was compromised, the plaintiff receiving \$1,000. Attorney Robert B. Franklin represented the plaintiff.

Court Day.

There was a fair crowd in town yesterday attending December court. There were about 200 cattle on the market. Good stock cattle met with ready sales at from 4 to 4 1/2 cents.

There were only about 15 mules on the market, which sold from \$150 to \$165.

Melittock & Sons, of Millersburg, sold 14 head of mules to Asa Jewell, of Lexington, at from \$140 to \$165.

Mr. W. E. Rogers, of St. Paul, Minn., who is a guest of Capt. Jas. Rogers, was in town yesterday and said that he remembered attending December court in Paris in the fifties and that there were 1,000 work mules on the market.

Elks' Memorial Services.

There was a good audience in attendance at the Elks' memorial services at the Methodist church Sunday evening, notwithstanding the evening was very inclement. The services were very impressive and an excellent program rendered. Exalted Ruler J. W. Bacon presided at the meeting.

The musical numbers by the quartette composed of Alfred Morehead, Clay Sutherland, C. B. Mitchell and Dr. Frank Fithian were considered the finest ever heard in our city. The pieces rendered were "Consolation," by Dow and "Remember Now Thy Creator in the Days of Thy Youth," by J. B. Rhodes.

The address was delivered by Hon. Harry Schoberth, of Versailles, and the Committee made a happy selection in inviting this young orator to assist in the service. Mr. Schoberth stated he was not a member of the order of Elks but he could find no better subject to his mind than the principles of this great order, "charity, justice, fidelity and brotherly love."

The address was one of the best ever delivered in Paris. It was appropriate for the occasion, able and eloquent. The speaker is a young man of pleasing appearance with graceful delivery and good voice, and justly deserves the reputation he has earned as one of the best of Kentucky's young orators.

Paris Gets \$15,000 Additional Appropriation.

Secretary Cortelyou, in his annual recommendations to Congress yesterday, includes the following estimate of appropriations for the next fiscal year: To complete the extension of the public building at Lexington, \$55,000.

For site and building at Paris, \$15,000.

For site and building at Danville, \$30,000.

For completion of building at Frankfort, \$40,000.

For site and building at Lebanon, \$25,000.

Site and building at London, \$10,000.

Site and building at Somerset, \$15,000.

Site and building at Versailles, \$25,000.

Site and Building at Winchester, \$25,000.

For continuing work on dams 12 and 13 of the Kentucky river, \$210,000.

With the above appropriation for Paris, makes \$60,000, which should give Paris a very imposing Federal building.

\$400,000 For Negro School.

Options are being secured on ground near Louisville for the establishment of a school for Negroes similar to Tuskegee. It will take the place of the colored school at Berea and will have a \$400,000 fund, \$375,000 of which has already been raised.

was modeled for the man who would banish foot distress. For ten years it has steadily become more popular. It is comfortable, attractive, and will fit perfectly nine out of ten normal feet. If the shoe you've been wearing hasn't fitted; hasn't looked as well as the best looking shoe you've seen; hasn't given you a dollar's worth of wear; for every dollar spent, you'll buy the "STETSON" when you see it.

The "Stetson Last" is but one of a full line of Fall and Winter Stetsons, made in many styles and all leathers, carried by your local shoe man who displays the Red Diamond Sign.

Every man should have our new book, "THE RIGHT TO KNOW." It turns the X-ray on shoe-making. Revolution in Women Clothes

Professional humorists are extracting endless amusement from the change in feminine fashions. Witticisms which date from before the crinoline and which did service in turn for the chignon and the peekaboo waist are revamped to refit the Directoire gown, says the New York World.

But are not the fair targets of their satire entitled rather to sympathy? Is it a joke to contemplate a closet full of costumes which a brief six months ago were in style, with the dread consciousness that they are now out of date as the dog and must be replaced? The new styles permit of no compromise; they allow no "making over." It is not merely a riot of new fashions which confronts the feminine world; it is a revolution and the most radical one within memory.

Gone in a twinkling are the elbow steeves with their display of rounded arms. Gone are the long gloves, the demand for which two years ago exhausted the factory output and created a famine on Broadway and Sixth avenue. Not alone the gowns, but cloaks, evening wraps, hats the arrangement of the hair, even the fashion of underwear, have undergone a complete change.

Is the disturbance of values caused by the innovation fully realized? The sale at auction last week for \$2 and \$3 a garment of importers' models which last spring were priced at from \$75 to \$150 is eloquent of the far-reaching results of the edict. Man has no reason to envy the women of his household the new problem in clothes which they are called on to solve. It is perhaps more becoming to drop a tear over the tribulations of the feminine world under the tyranny of fashion than to indulge in a laugh.

The Monument to Gen. Morgan.

The movement inaugurated by the Kentucky division of the United Daughters of the Confederacy to raise funds to build a monument to Gen. John H. Morgan should be responded to liberally by Kentuckians regardless of whether they or members of their families were aligned with the Union or the Confederacy in sentiment or arrayed against the Confederacy or the Union in the field, says the Courier-Journal.

An intrepid soldier always a heroic figure regardless of the color of his flag or his cause, and no one measures him by his mettle more readily than his enemy in the charge or the trenches, or more sincerely pays tribute to the quality of his courage or generalship.

That Kentucky should be divided in sentiment at the beginning of the Civil War was as natural as the conflict was irrepressible and the result inevitable.

That Morgan's antecedents and associations caused him to cast his fortunes with the Confederacy, that meant to him the South, should not cause any Union soldier or sympathizer of the sixties or any son or daughter of a Union soldier or sympathizer to withhold a contribution from the monument fund.

General Morgan was a unique figure in the Civil War and the raids of Morgan and "Morgan's terrible men" are rated by students of military affairs as being unique in history. A suitable monument should be erected, as a suitable recognition of his gallantry and his possession of a military instinct, that was at once the cause of his attempting the impossible and the cause of his achieving it. The contributions should not be made [by sympathizers with the "Lost Cause," but by natives of the State in which Morgan grew to manhood and upon whose soil he became famous.

Whisky Men Protest.

Whisky men from all over Kentucky, several being from Louisville, were in Frankfort Friday to appear before the State Board of Equalization and Assessments and protest against the \$10 tax on whisky which was fixed by the board tentatively. Owsley Brown, of Louisville; J. McCullough, of Owensboro; R. N. Watten, of Lebanon, and others were there and tried to show to the board that the valuation of \$8 was high enough. The board took the question under advisement and will announce its decision later.

Lots of Money.

It is estimated that as a result of the sale of pooled tobacco to the American Tobacco Company and to the independent manufacturers, and also the sale of 20,000,000 pounds of Green River and some 8,000,000 or 10,000,000 pounds from the "Black Patch," that an aggregate of not less than \$20,000,000 will be realized by Kentuckians. All these transactions have been made within three weeks. They have been record breaking deals in the history of the tobacco industry. The distribution of such a vast amount of money in the State will, so financiers say, improve business conditions and flush the banks.

Presidential Electors.

Kentucky's electors for President and Vice President will, according to law, meet at Frankfort on the second Monday in January, which is the 11th, to make a return of the vote cast in the State at the last Presidential election. At their meeting they will also select an official messenger to carry the Commonwealth's vote to Washington and to deliver it to the Vice President of the United States who will present it along with the vote of other States to the whole Senate. The positions of electors are places of honor, but, according to the Kentucky statutes, the electors receive the same per diem and the same mileage as members of the General Assembly receive, or \$5 a day for the time they are in session and fifteen cents a mile on their way to the seat of government and the same amount returning. Of course they will be in session but one day. According to statutes if all the electors are not present in Frankfort by noon of January 11, a majority of the electors shall elect their successors and the electors thus chosen serve as if they had been elected originally by the people.

Fight in Grand Room.

In the grand jury room of the Franklin county courthouse, the oldest temple of justice in the country, and before a large crowd of spectators, the game cocks on exhibit at the annual State Fanciers and Breeder Association Friday night sparred for the championship and a handsome loving cup. Diamond, a handsome gray cock of the grist strain belonging to S. M. Saulley, of Frankfort, was given the decision after five fast rounds. It was intended to have this novel exhibition in a pit on the judge's rostrum, but the crowd was so large that the pitting had to be done in the grand jury room.

The Story of a Medicine.

Its name—"Golden Medical Discovery"—was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the new world-famous "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical experts, teachers and writers on *Natural Medicine* who recommend them as the very best remedies for the diseases for which "Golden Medical Discovery" is advised.

A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed free to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompanied with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on-coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It will cure the affections that lead up to consumption, if taken in time.

May Be Special Session.

It is announced from Frankfort that should the Court of Appeals decide that the bill passed by the last Legislature appropriating several hundred thousand dollars to the Normal Schools of the State is constitutional, that Gov. Willis will immediately call an extra session of the Kentucky Legislature. This action will be necessary, it is claimed, because there will be no money in the treasury to pay the school appropriations and the Legislature will have to be called together to make some provision for it. The heavy expense of maintaining a large military force in the field this year has further depleted the treasury.

Breach of Promise Suit.

Miss Mary J. Langston filed suit Saturday in the Fayette Circuit Court against Hiram W. Herr for \$10,000 damages alleged to have been suffered by the plaintiff on account of Mr. Herr's having broken his promise to marry her. The plaintiff alleges in the petition that at the request of the defendant she promised to marry him, and at the same time defendant promised to marry her; that, relying on this promise, she spent over \$60 for wedding clothes and in preparation for said wedding. They were to be married, she said, at the home of the plaintiff's aunt, Mrs. Mollie E. Hancock, in Lexington in November; that plaintiff has been and is willing to marry defendant. November 11 plaintiff requested defendant to marry her, and he promised to do so the following Wednesday, November 18, but he would not; that he has been requested since November 18 to marry plaintiff and refuses to do so. She says that she has suffered great humiliation and mental anguish to her damage in the sum of \$10,000.

of Cod Liver Oil is the means of life and enjoyment of life to thousands: men, women and children.

When appetite fails, it restores it. When food is a burden, it lifts the burden.

When you lose flesh, it brings the plumpness of health.

When work is hard and duty is heavy, it makes life bright.

It is the thin edge of the wedge; the thick end is food. But what is the use of food when you hate it and can't digest it?

Scott's Emulsion of Cod Liver Oil is the food that makes you forget your stomach.

Powers Gets Revenge.

The Hon. William Lewis easily defeated Judge H. C. Faulkner for the nomination for Circuit Judge in the Republican primary held in the Twenty seventh judicial district. His majority will be about 2,500. He carried every county in the district. Caleb Powers got his revenge when Capt. B. B. Golden was defeated for Commonwealth's attorney by J. C. Clyde. Capt. Golden only carried his home county, Knox. Powers took the stump against Golden. It is said that Powers came out of his trouble \$200,000 ahead, and is now enjoying a life of ease.

Good Cough Medicine for Children.

The season for coughs and colds is now at hand and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold. The quicker you cure his cold the less the risk. Chamberlain's Cough Remedy is the sole reliance of many mothers, and few of those who have tried it are willing to use any other. Mrs. F. F. Starcher, of Ripley, W. Va., says, "I have never used anything other than Chamberlain's Cough Remedy for my children and it has always given good satisfaction." This remedy contains no opium or other narcotic and may be given as confidently to a child as to an adult. For sale by W. T. Brooks. You need no other guarantee.

A FAMOUS REMEDY

"I cured MY cough with German Syrup." He wrote to Dr. G. G. Green: "As true as I tell you, doctor dear, I'm feeling finer than ever I've been!"

The poor consumptive should not be the victim of experiment, as he often is, but the moment the dread disease manifests its presence he should be given Bo-schee's German Syrup—a pure, non-alcoholic medicine that is made specially for the cure of consumption, and has a worldwide fame as a certain remedy for catarrh, colds, coughs, croup, sore throat and all bronchial affections in old and young. It is sold in all civilized countries, and has been famous as a consumption cure for almost half a century. Trial bottle, 25c. Big bottle, 75c. At all druggists throughout the world.

Teddy Advocates Woman's Suffrage.

President Roosevelt, in a letter to Dr. Lyman Abbott, put himself down as a mild advocate of women's suffrage saying that he did not fear any great evil from it, and also that he did not look for any great good. Meeting at Christian Church.

The revival meeting at the Christian
church continues with unabated inter-
est under the preaching of President
R. H. Crossfield, of Transylvania Uni-
versity, Lexington. Sunday was a
regular field day at the church. There
were 340 children in attendance at the
Sunday school and after a very
impressive talk from Elder Crossfield
four young men made confession.

At the morning service, Elder Cross-
field's subject was "The Church at An-
ti-och," and in the evening "Almost
Persuaded." His two discourses were
eloquent and powerful. During the
day there were fourteen who united
with the church.

The singing by a quartet composed
of J. H. Sturges, Prentice Lancaster,
Ray Clark and Wallace Clark was one
of the impressive features of the day's
services. The meeting will continue
during the week.

Shooting Affray.

Yesterday afternoon about 4 o'clock,
Mr. Thomas Craven became involved
in a difficulty with Tom Duffy, a negro,
on Pleasant street between Seventh
and Eighth.

The negro, it seems, was hitching a
horse to a buggy when Mr. Craven told
him to hurry. The negro, who was
drunk, became insolent and insulting,
using the vilest of language to young
Craven, and it is said, started toward
him as if to use a weapon, when Crave-
n stopped him by a shot from his gun.

The negro broke and ran through
Morris' stable to Dr. Brown's office
declaring he was shot. Dr. Brown not
being in he ran back down the steps
and disappeared, going to his home in
Claysville, where his sisters made a
thorough search for the wound but
were unable to find a scratch on him.

Duffy has the reputation of being
one of the most insolent and quarrel-
some of his race in this community,
and many regrets were expressed that
young Craven had not taken better
aim and lodged a ball in his black body.
Craven was arrested and was released
on \$100 bond.

DEATHS.

—Mr. Winsor Letton died at Atlanta,
Ga., Friday night, after a protracted
illness of typhoid-pneumonia. Mr.
Letton was thought to have a fair
chance of recovery a few days before
his end, when he was visited by his
friend, Mr. Lave Ardrey, of this city,
but later a decided change for the
worse occurred and his brother, Mr.
Forrest Letton, of near town, was called
to his bedside and arrived there a
short time before he passed away.

Mr. Letton was 40 years of age and a
native of Bourbon, being a son of the
late Forest Letton. He was a promi-
nent member of the Paris Lodge of
Elks and had served as deputy sheriff
of this county.

He was twice married, his first wife
being Miss Florence Longmoor, of Cov-
ington, a niece of Mr. E. P. Claybrook,
of near Hutchison. Mr. Letton is sur-
vived by his wife, who was formerly
Miss Annie Hennessey, his little son,
Winsor Letton, Jr., and one brother,
Mr. Forest Letton.

The remains arrived here Sunday
morning, accompanied by his brother,
Mr. Forest Letton, his wife being un-
able to come, her physical condition
being such that her physician advised
her that she was not able to make the
trip.

The funeral services were held Sun-
day afternoon at the residence of Mrs.
Camilla Wilson, on High street, at 2
o'clock, conducted by Elder Carey E.
Morgan. The burial took place in the
Paris cemetery under the charge of the
Paris Elks.

The pallbearers were: Robt. Meter,
Custis Talbott, Judge Denis Dundon,
Lave Ardrey, W. W. Mitchell and W.
M. Hinton.

Mrs. Guinness Again Located.

Ira Marsh, of Oglesby, Ill., in a letter to Sheriff Smutzer, of Laporte, Ind., declares that he has located Mrs. Belle Guinness and Jennie Olson, foster daughter, and one of the alleged victims of Mrs. Guinness, and will produce her as soon as he is assured that certain reward money will be paid him. Mrs. Guinness, he says arrived in Oglesby last May, and joined a man, Marsh thinks the one who accompanied the supposed Mrs. Guinness to the Guinness farm on July 9, as testified to by witnesses at the Lamphere trial. The young woman whom Marsh believes to be Jennie Olson is said to be now the wife of the alleged Mrs. Guinness' companion on that visit.

Glass-eyed winks barred. "Yes, I saw that chap turn around and wink at me," said the pretty girl. "I'm used to that. I don't mind it so awfully much if it's a good eye, but the other day a fellow with a glass eye winked at me. I draw the line at a glass eye. Wouldn't you?"

Catarrh Cannot Be Cured

With LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Halls Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years as is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

Politeness a Valuable Asset. The more exalted a man is by station, the more powerful should he be by kindness. There is no policy like politeness, since a good manner often succeeds where the best tongue has failed. Politeness is most useful to inspire confidence in the timid and encourage the deserving.—Magoon.

Where Bullets Flew.

David Parker, of Fayette, N. Y., a veteran of the civil war, who lost a foot at Gettysburg, says: "The good Electric Bitters have done for me more than five hundred dollars to me. I spent much money doctoring for a bad case of stomach trouble, to little purpose. I then tried Electric Bitters, and they cured me. I now take them as a tonic, and they keep me strong and well." 50c at Oberdorfer's drug store.

Give Their Lives to Their Work. Napoleon became the world's greatest soldier because he loved "the tented field." Gladstone was regarded as the greatest statesman of ancient or modern times, and his success in this direction lay in the fact that politics was the hobby of his life, he was in love with his work, hence he made it a success.

Beware of Frequent Colds.

A succession of colds or a protracted cold is almost certain to end in chronic catarrh, from which few persons ever wholly recover. Give every cold the attention it deserves and you may avoid this disagreeable disease. How can you cure a cold? Why not try Chamberlain's Cough Remedy? It is highly recommended. Mrs. M. Crosdale Opens Private Dining Room.

I desire to inform those whom it may concern that I have added a very handsome private dining room, attachment to my cafe second to none anywhere and which should meet the requirements and approval of the most exacting trade, and this, together with the overhauling and further equipment of my main dining room, places me in a position where I can safely and truthfully say that I have today one of the most convenient and inviting dining establishments to be found in the State and most exceptionally so for a town the size of Paris. I have always aimed, with the co-operation of my good wife to give Paris, regardless of profit or loss, a place of the kind of which she could justly and conscientiously feel proud and unhesitatingly commend to the most refined and high-toned seekers. The Democrats of the House are planning to demand an investigation of the purchase of the Panama Canal property, and in conformity with this program Representative Rainey, of Illinois, yesterday introduced a resolution directing the Speaker to appoint a committee of five to ascertain how much of the forty million dollars, which appears of record to have been paid the French company, was really paid to that company. The Sixtieth Congress.

The ever interesting spectacle of the convening of Congress yesterday brought to the Capitol Building the usual throngs bent on gaining admission to the House or other places where exercises incident to the opening session of the Sixtieth Congress were held.

When the doors of the massive structure were thrown open at 9 o'clock yesterday morning, a crowd of more than sufficient number to take up the entire seating capacity of the two chambers was assembled. From that time others came in droves, the corridors of both floors being filled with people surging back and forth, while long lines of people stood outside each gallery doors relying for an opportunity to get even a peep into the Senate or House, or some more fortunate ones vacating their seats. Unfavorable weather conditions did not seem to affect the crowds.

In both bodies among the most interested spectators were members of the diplomatic corps. Numerous high officials of the Government likewise occupied seats. The rule of the Senate and House prohibiting the placing of floral pieces on the desks was rigidly enforced.
